

Reading a clock

- The short hand is the hour hand. It points to the hour, and it moves a little as the minutes go by: at 4:20 it is a third of the way from 4 to 5.
- The long hand is the minute hand. Each number means 5 more minutes: 1 is 5 minutes, 2 is 10, 3 is 15 and so on.
- The small marks between the numbers are single minutes.

This clock shows 4:20
